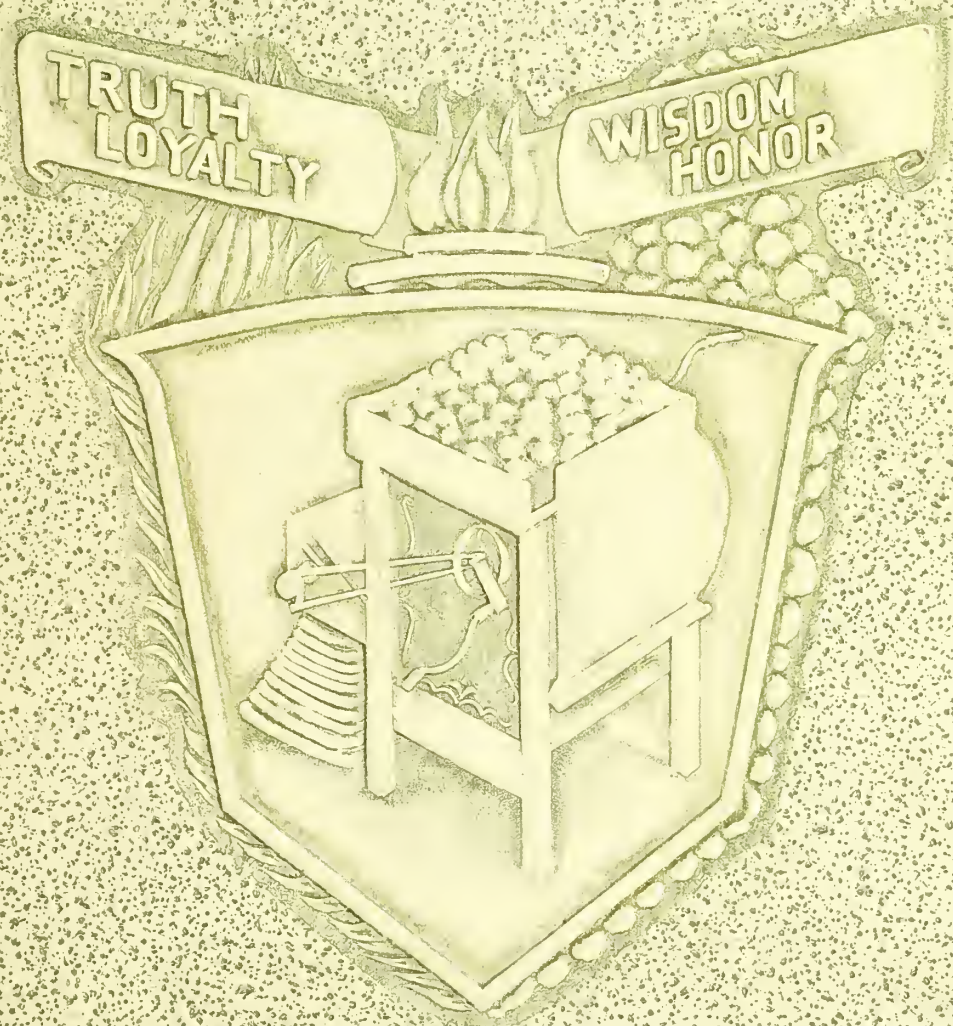
THE COTTON GIN



1968

From writings by a 17th Century Philosopher, found in Old Saint's Church - Baltimore, 1692.

"Go placidly amid the noise and haste and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they have their story. Avoid loud and aggressive persons, they are vexations to the spirit.

If you compare yourself with others you may become vain and bitter; for always there will be greater and lesser persons than yourself. Keep interested in your career, however humble; it is a real possession in the changing fortunes of time.

Be yourself. Especially, do not feign affection. Take kindly the counsel of the years, gracefully surrendering the things of Youth. Do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. You are a child of the Universe, no less than the trees and the stars, you have a right to be there. And whether or not it is clear to you, no doubt the Universe is unfolding as it should. With all its shame, drudgery and broken dreams, it is still a beautiful World."

ESTABLISHED IN 1885

TRIBUTE

A school is a building, but Westborough High School is much more than that. The walls and floors have echoed our footsteps in the paths of gaining knowledge and maturity. We have experienced success, defeat, hope, despair, happiness, and sadness. It is here that we learned to accept our own shortcomings and those of others. Here we have spent the times of our lives, both happy and sad, and because we learned the meaning of the word maturity, we are ready to face the responsibilities that accompany it. Though WHS is only ten years old, her age is not a measure of the extent of the wisdom she has brought to all who have walked through her halls. WHS, we salute you.

Dedication

We, the Class of 1968, proudly dedicate our yearbook, The Cotton Gin, to you, Mr. Moran, in recognition of your many years of service to Westborough High School. It is an honor to pay tribute to a man who has become such a genuine part of our school.

"HI YA' BABY!"

"Time marches on." This old cliche is very true in the case of Hector Martinez, our exchange student from Argentina. This year at W.H.S. was much too short for Hector, but in this short time, Hector became a real part of our class. Hector has shared many unforgettable memories with our class. We hope that Hector has enjoyed being a member of the Class of 1968 as much as we enjoyed having him.

You mean I forgot to tell you your thematics are due today?

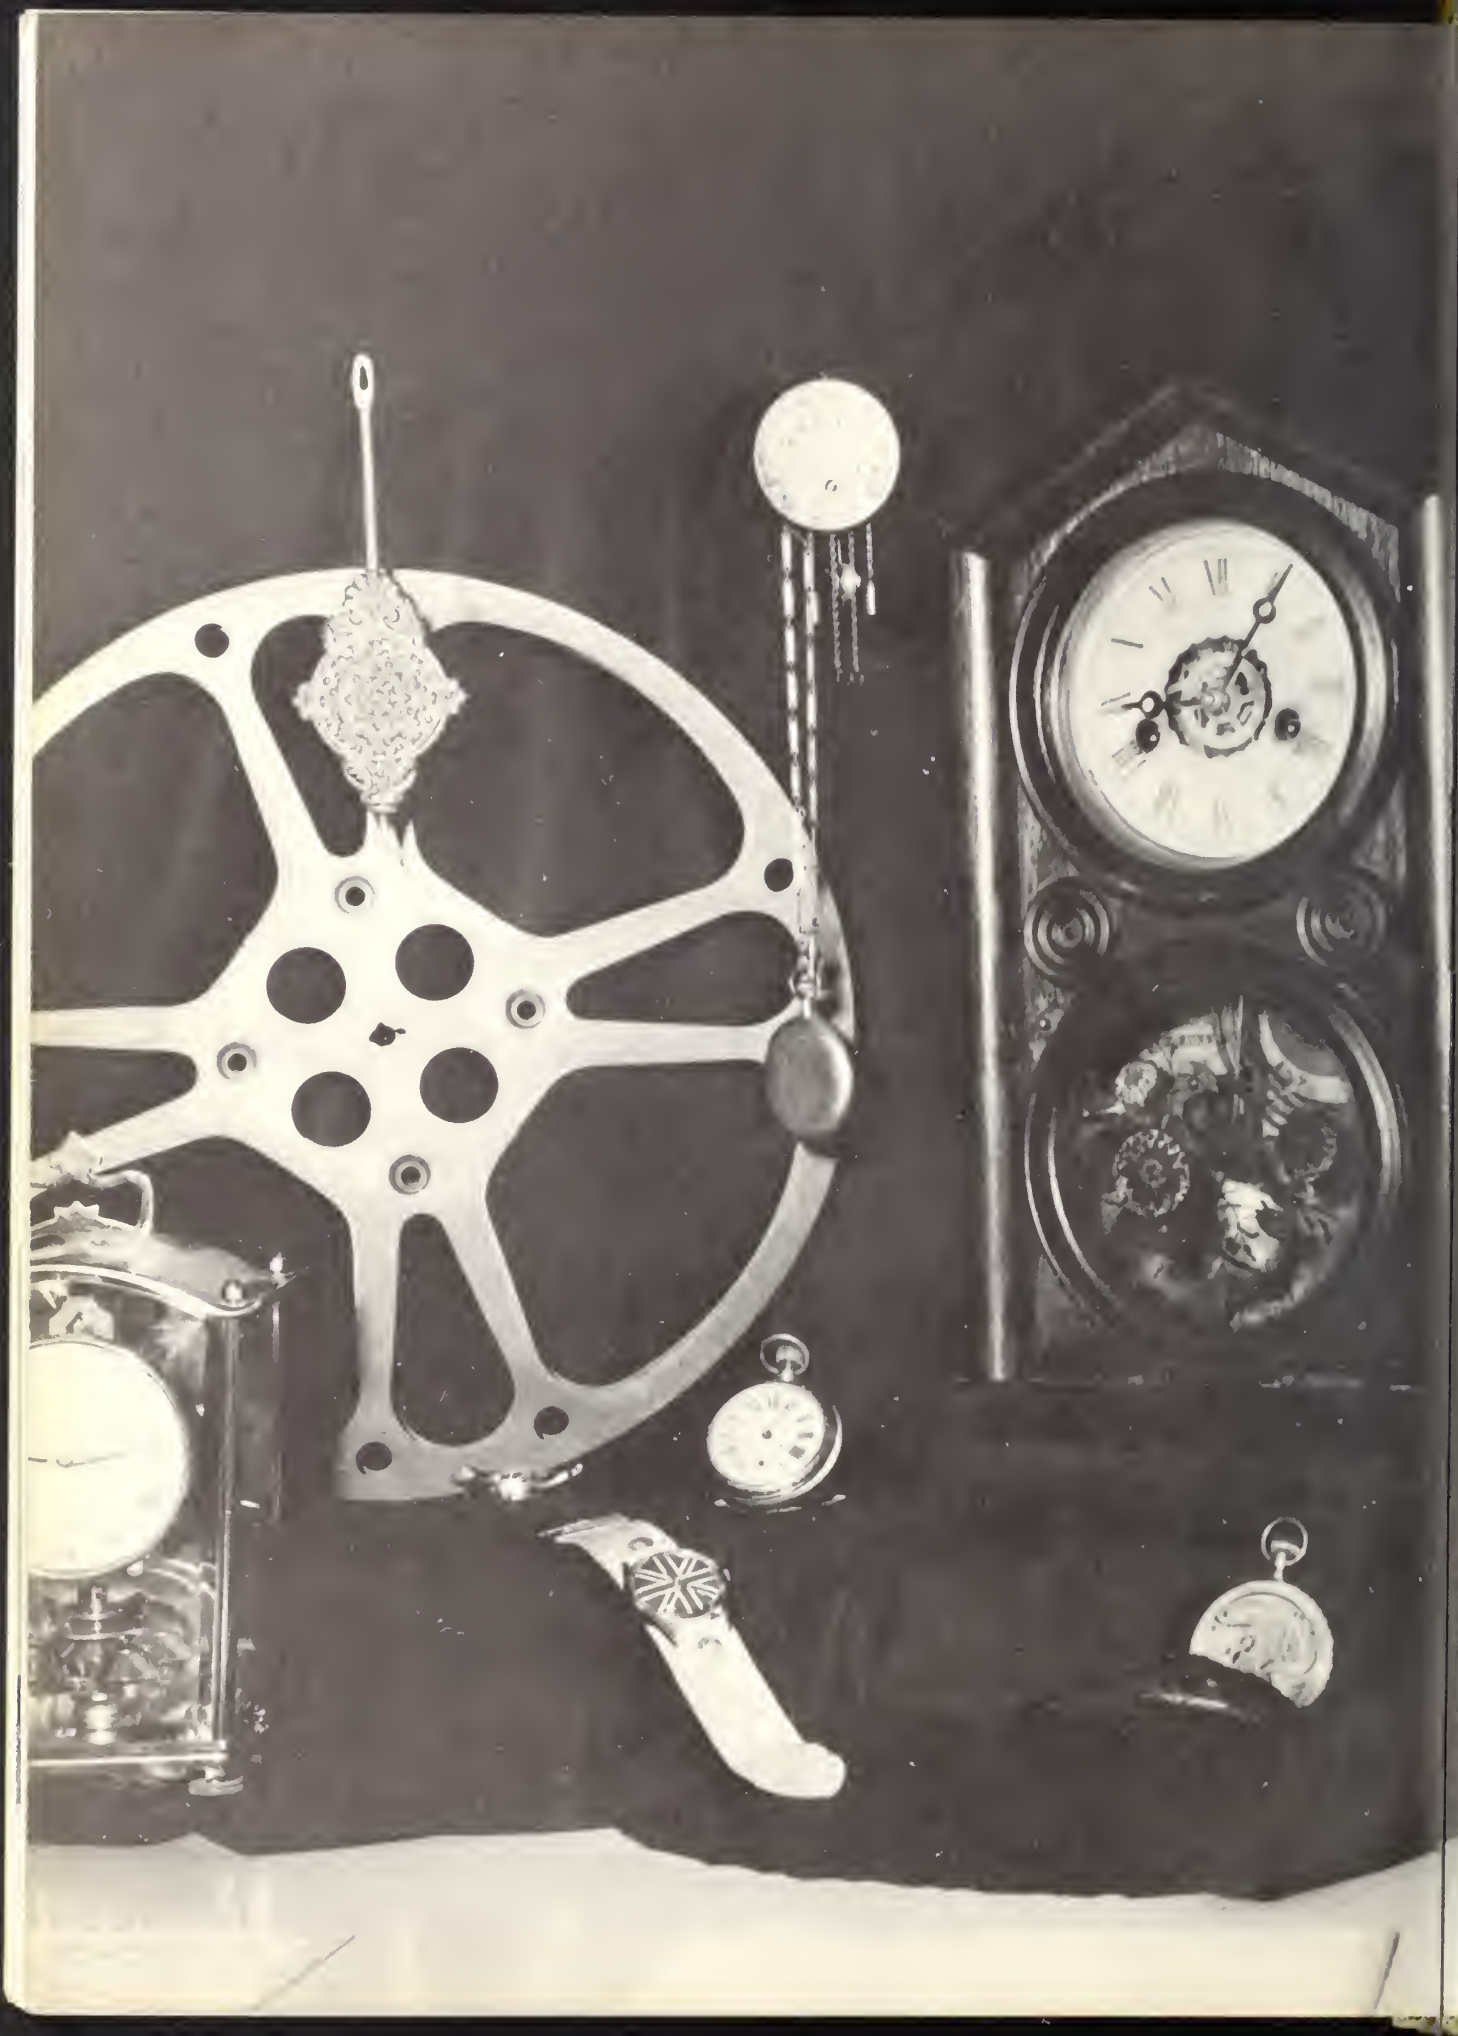
TAYLOR PUBLISHING COMPANY
"The World's Best Yearbooks Are Taylor-made"



From writings by a 17th Century Philosopher, found in Old Saint's Church - Baltimore, 1692.

"Go placidly amid the noise and haste and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they have their story. Avoid loud and aggressive persons, they are vexations to the spirit.

If you compare yourself with others you may become vain and bitter; for always there will be greater and lesser persons than yourself. Keep interested in your career, however humble; it is a real possession in the changing fortunes of time.

Be yourself. Especially, do not feign affection. Take kindly the counsel of the years, gracefully surrendering the things of Youth. Do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. You are a child of the Universe, no less than the trees and the stars, you have a right to be there. And whether or not it is clear to you, no doubt the Universe is unfolding as it should. With all its shame, drudgery and broken dreams, it is still a beautiful World."
